

Table 1. Bird Species Observed in Boy Scout Woods, Bothell.

Marzluff List Healthy Forest * PHS-WDGW CAO Species	Site Summary Status	Puget Sound Lowland Preferred Habitat	2011 4-Jul Visit (PSBO)	2007 12-May Visit (NWC)	2007 20-May Visit (NWC)	UW Beardslee Woods	Reported/ Recorded by Residents	BBA Smith et al 1997*
Canada Goose						4		
American Bittern	Too forested	Wetlands		-	-			-
Great Blue Heron	Possible Breeder	Riparian		-	-	1		-
Green Heron	Too forested	Riparian		-	-			-
Osprey	Tall Tree Nest	Riparian		-	-			-
Bald Eagle - PHS	Tall Tree Nest	Mature Forest		-	-			-
Sharp-shinned Hawk *	Unlikely in Summer	Mixed Forest		-	-		-	-
Cooper's Hawk *	Breeder	Mixed Forest	-	Seen	-	1	Yes	-
Red-tailed Hawk	Possible Breeder	Forest Edge		-	-	1	Yes	Confirmed
Great horned Owl *	Possible Breeder	Mature Forest		-	-			Possible
Barred Owl	Possible Breeder	Mixed Forest					Possible	
Western Screech Owl	Possible Breeder	Riparian Forest		-	-			-
Band-tailed Pigeon *PHS	Possible Breeder	Coniferous Forest		-	-	0	Yes	Possible
Rock Pigeon						13		
Vaux's Swift * PHS	No cavities	Mature Forest		-	-	2	-	-
Rufous Hummingbird	Possible Breeder	Mixed Forest		-	-	1	Reported	Possible
Anna's Hummingbird						1		
Ruffed Grouse								
Belted Kingfisher	No open water	Riparian		-	-			-
Northern Flicker	Possible Breeder	Mixed Forest	Seen	Heard	Heard	9	Yes	Possible
Pileated Woodpecker PHS	Breeder	Mature Forest	Nest	Heard	Heard		Yes	-
Red-breasted Sapsucker	Possible Breeder	Riparian Forest		-	-		Yes	-
Hairy Woodpecker 8	Probable Breeder	Coniferous Forest	-	Heard	Heard	1	Yes	-
Downy Woodpecker	Probable Breeder	Mixed Forest		-	-		Yes	Possible
Barn Swallow						3		
Violet-green Swallow			residential			4		
Pacific-slope Flycatcher *	Probable Breeder	Mixed Forest	singing	Singing	Singing	2	Yes	Possible
Western Wood Pewee	Possible Breeder	Riparian Forest		-	Calling	2	Yes	Probable
Willow Flycatcher	No riparian edges	Riparian Edges		-	-			Probable
Olive-sided Flycatcher *	Possible Breeder	Coniferous Forest		-	-		Yes	Possible
Steller's Jay	Probable Breeder	Forest/ Urban	calling	calling	calling		Yes	Possible
Common Crow	Possible Breeder	Forest/ Urban	calling	-	-	63	Yes	Possible
Black-capped Chickadee	Possible Breeder	Mixed Forest	calling	-	calling	56	Yes	Probable
Chestnut-backed chickadee	Possible Breeder	Coniferous Forest	calling	calling	-	33	Yes	Possible
Red-breasted nuthatch	Possible Breeder	Coniferous Forest	calling	-	calling	6	Yes	Possible
Bushtit	Urban Edge	Urban Edge		-	-	24	-	Possible
Brown Creeper *	Breeder	Mature Forest	singing	Active Nest	Singing	4	Yes	Possible

Bewick's Wren	Possible Breeder	Mixed Forest	singing	-	Calling	21	Yes	Possible
Winter Wren	Breeder	Coniferous Forest	singing	Singing	Singing		Yes	Possible
Ruby-crowned Kinglet	Winter Resident	Mixed Forest		-	-	2	yes	-
Golden-crowned Kinglet	Probable Breeder	Coniferous Forest	calling	-	Singing			Confirmed
Swainson's Thrush	Probable Breeder	Mixed Forest	singing	-	Singing	1	yes	-
Hermit Thrush	Migrant/ Winter							
Varied Thrush *	Winter Resident	Mixed Forest		-	-		yes	-
American Robin	Breeder	Mixed Forest	singing	Singing	Nest	80		Confirmed
Cedar Waxwing	Possible Breeder	Riparian Edges		(too early)	-	15		Probable
Cassin's Vireo	-	Riparian Forest		-	-			-

Table 2. Bird Species Observed in Boy Scout Woods, Bothell, WA, May 2007.

Species	Site Summary Status	Puget Sound Lowland Preferred Habitat	2011 4-Jul Visit (PSBO)	2007 12-May Visit (NWC)	2007 20-May Visit (NWC)	UW Beardslee Woods	Reported by Residents	BBA Smith et al 1997*
Hutton's Vireo *	Possible Breeder	Mixed Forest	Singing	-	Singing	1	Yes	-
Warbling Vireo	Possible Breeder	Deciduous Forest		-	-			Possible
Red-eyed Vireo	-	Cottonwood Forest		-	-		-	Possible
European Starling						182		
Orange-crowned Warbler	Possible Breeder	Open Forest		-	-			-
Black-thr. Gray Warbler *	Possible Breeder	Conifer Forest	Singing	-	-		Yes	Probable
Townsend's Warbler *	Winter Resident	Mixed Forest		-	-		yes	-
MacGillivray's Warbler	Possible Breeder	Mixed Moist Forest		Singing	-			-
Common Yellowthroat	No, too Forested	Open Wetlands		-	-			Confirmed
Wilson's Warbler *	Probable Breeder	Mixed Forest	Singing	Singing	Singing	0	Yes	Possible
Western Tanager *	Possible Breeder			-	-	4	Yes	Possible
Black-headed Grosbeak *	Probable Breeder	Riparian	Singing		Singing	6	Yes	Probable
Spotted Towhee	Breeder	Forest/ Edges	Singing	Singing	Pair Defense	35		Probable
Dark-eyed Junco	On Conifer Edges	Open Conifers	residential			5		Probable
Song Sparrow	Breeder	Riparian	Singing	Singing	Singing	35	Yes	Confirmed
Fox Sparrow	Migrant/ Winter							
White-crowned Sparrow	Edge	Fields						Possible
Brown-haded Cowbird	Edges	Edges			Fly Over	20		Confirmed
Red-winged Blackbird						2		
Bullock's Oriole	No Wetland Edge	Riparian		-	-			Probable
Purple Finch *	Not Enough Conifers	Conifer Forest				1		-
House Finch	In Urban Edges	Urban Edge	residential					Probable
Red Crossbill	Possible Breeder	Conifer Forest	Fly Over					Possible
American Goldfinch	In Field Edges	Fields		-	-	7		Probable
Pine Siskin	Possible Breeder	Forests			Fly Over	38		Possible

*** Breeding Bird Atlas Code**

9 Square Mile Sections including Project Area
 Possible = Observed Singing in Appropriate Habitat'
 Probable = Pair, multiple males, courtship
 Confirmed = Confirmed Nesting
