## Project Address:

Student Housing Project  
18612 Beardslee Boulevard  
Bothell, WA 98011

## Construction Activities (04.24 – 04.28):

The last week of April brings us eight weeks closer to our certificate of occupancy for Phase I of this project. At Building A (Summit Hall), unit finishes are starting to wrap up as we are working on the final level of units and common area spaces. We have elevators ongoing in Building A and D that should be completed by mid-May. At Building D (Terrace Dining Pavilion), flooring is complete, and food service equipment has begun installation. MEPF is continuous as always. Site work has been moving quickly with most of the site concrete complete and irrigation & planting scheduled to start this week.

**Upcoming Shutdowns & Road Disruptions:** None at this time.
