

# UW Bothell Residential Village March Construction Bulletin

## Project Address:

UW Bothell  
Student Housing Project  
18612 Beardslee Boulevard  
Bothell, WA 98011

## Construction Activities (03.20 – 03.24):

In week four of March, the project is set to introduce a few new work scopes. At Building A (Summit Hall), the finishes will continue which include paint, trim and flooring; however, we will also be starting on some Level 1 Common Area finishes like tile and casework. We are also getting closer to finishing Level 6 final punch. At Building D (Terrace Dining Pavilion), most work scopes continue the food service equipment, drywall, paint, and acoustic wall installations. Masonry and external façade of Building D is set to continue as well. MEPF is continuous as always. Lastly, with site work starting we are expected to complete another site concrete pour and the main rockery.

**Upcoming Shutdowns & Road Disruptions:** None at this time.
